

**Examinations:** The exams will take place during regular class time in the regular class room on the dates listed below. Exam dates are tentative. They will be a combination of multiple-choice questions and short answer questions. You'll probably also want to bring a calculator (*no cell phone calculators or any calculators capable of storing information i.e. graphing calculators*). Exam questions will be based on material covered in lecture and the homework sets. I'll talk more about each exam as the exam date approaches. You must show all work on Exams!

*Make-ups for any exam are allowed only under compelling circumstances.* Under such a compelling circumstance, you are almost always required to make prior arrangements before the exam. Typically a make-up exam will be administered prior to the actual exam date and never later than 2 days past the exam date. Any make-up exam given after the exams have been returned will be an oral exam.

**Homework:** Homework
